

What is Nepris?

Real World Delivered to the Classroom. Nepris virtually connects you with teachers and students matched to your skills and experience, providing an effective way for you and your company to do education outreach.

Although you will find many social aspects to the Nepris platform to connect and inform, there are two main ways to participate:

- 1. Accept a request from a teacher.** Educators on our system submit requests for an industry person to speak to their class virtually by filling out an online form. Nepris goes into its database and makes matches between the request and your profile. Each request is usually a class period of time. When a match is made, we will email you for you to consider. There is no obligation to accept every request (we know you have full time jobs and schedules) but if they have time to talk to a class, you sign up and we help you get ready.

The opportunities range from simply talking about your career and job, making a connection to how a curriculum topic is applied in practice in your job, talk with students about a project, or even listen to and respond to student presentations.

- 2. Host an Industry Chat.** You can also host live, interactive sessions for classrooms to join. Industry Chats can be offered throughout the year and sometimes we will recruit professionals for different themes (e.g. Hour of Code, Black History Month, Executive Leadership, etc.). So if you desire to reach the K12 audience (or a subset) with a live session, we'll host and promote the session for you.

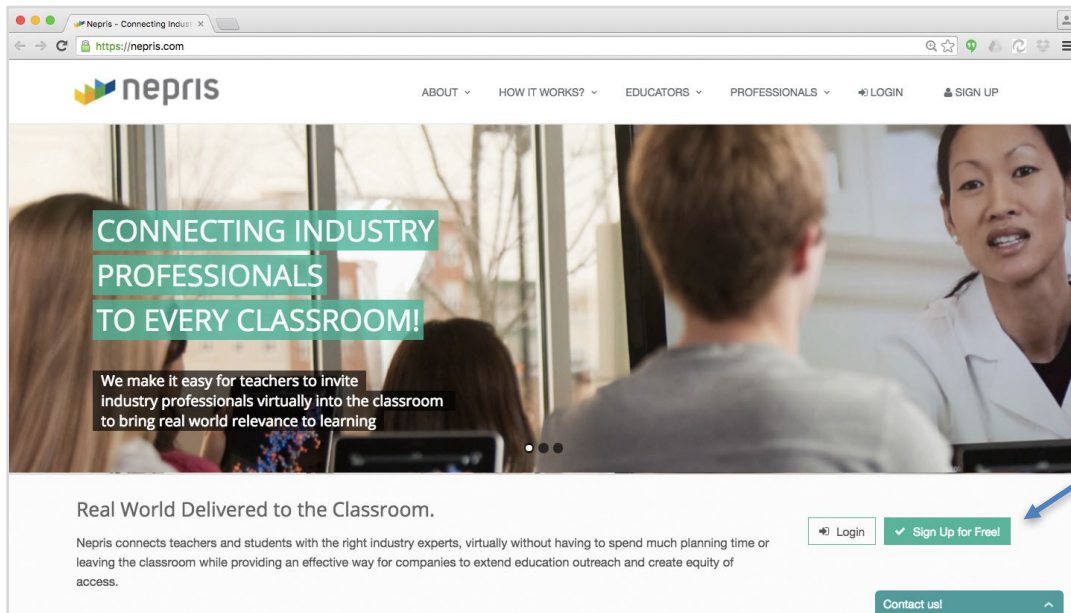

Introduction to Engineering In College (With An Aerospace Focus)

09/16/2016 12:00 PM Central Time

[Sign Up For This!](#) [See More...](#)

Signing Up

Go to your community website (e.g. <http://gnoinc.nepris.com>, <http://brac.nepris.com>, etc.) or if you do not know what community you belong to, go to <http://nepris.com>, and click on the **Sign up for Free** button. You will be asked to establish login credentials and then be taken through three screens. Some notes are below to help you.

Email Address

This email address establishes your account. This email will be used to link your account to any school or district subscriptions so be sure to use your official school email address. You can set a different correspondence email later.

Username

Although you can login using the email address established above, the username is much more flexible and can be changed at any time when you edit your profile and can be used to login instead.

Role

If you are fully employed, between jobs or retired, choose: I work for a Company, Agency, or an Organization.

Account Settings

You can begin to use Nepris immediately when you arrive at your **Dashboard**. However, we will prompt you occasionally for more information. It is important that you answer these questions to maximize your Nepris experience. The Industry and Specialties/Skills field are important for future matches.

The screenshot shows the Nepris Dashboard. At the top, there's a navigation bar with links: DASHBOARD, SESSION, CONNECTIONS, STORIES, MESSAGES, and a user icon. Below this is a dark header with "Dashboard" on the left and "Home / Dashboard" on the right. The main content area is divided into two columns. The left column contains a form titled "Tell us a bit more about you!" with fields for "Your Company Name", "Your Job Title", "Industry you are in", and "Specialties/Skill preference (if any) - Type/Select, Then hit 'Enter'". There's a "Save" button at the bottom of the form. The right column shows the user's profile "Jim Bean" with statistics: DRAFT 0, CONFIRMED 0, and COMPLETED 0. Below these are links for "Session Calendar", "Invite Friends!", "Review Checklist", and "Getting Ready". A "Contact us!" button is at the bottom right.

Click on **Account Settings** to finish your profile, adding a bio, picture, etc. Educators will want to know about you and having some additional information will help put them at ease at who is going to speak to their students. You can also specify a correspondence email (that can be different from your account/login email) to receive messages and updates about any requested or confirmed sessions.

The screenshot shows the "Your Account" page. At the top, there's a navigation bar with links: DASHBOARD, SESSION, CONNECTIONS, STORIES, MESSAGES, and a user icon. Below this is a dark header with "Your Account" on the left and "Dashboard / Basic Profile" on the right. The main content area is divided into two columns. The left column contains a sidebar with links: Basic Profile, Professional Profile, Password, and Preferences. The right column shows the user's profile "Jim Bean" with a "Change Picture" button. Below this is a table of account information: Correspondence Email (nepris@nepris.com), Login Email (jimmyb@nepris.com), Login Username (JimmyB), Gender (NotSpecified), and Phone. A dropdown menu is open, showing options: Account Settings, Public Profile, and Sign out. A "Contact us!" button is at the bottom right.

Host an Industry Chat

As you likely know, a teacher can put in a request and then you, the industry expert, can accept the request based on schedule and needs. But you can also offer to hold a live interactive session for classrooms to sign up and join. You drive the content.

You are welcome to create your own Industry Chat but in some cases, you may be part of a themed week created by Nepris, an organization or company. Here is an example from a mailer from Greater New Orleans' World of Work Week from last school year.

Offer Sessions from our Partners

Our economic development partners at Greater New Orleans, Inc. are hosting a World of Work Week May 9th - May 13th. They have companies and professionals from New Orleans connecting virtually with FREE informative and inspiring sessions for your students.

Sign up your classroom today, before spots fill up!

These are FREE for teachers so send to a friend who might be interested. Link to share: <http://www.nepris.com/industry-talks>

Host an Industry Chat

When an educator clicks on the details of the session to register, they see the following type information which you will fill out through an online form.

The screenshot shows a web browser window with the URL <https://nepris.com/sessions/session/detail/46982>. The page header includes the NEPRIS logo and navigation links: DASHBOARD, SESSION, ASSIGNMENTS, CONNECTIONS, STORIES, and MESSAGES (9). The main header for the session is 'Writing For Game Design' with a breadcrumb trail: Dashboard / Upcoming Sessions / Writing For Game... Below the header, there are navigation buttons: Go Back, Previous, Next, and Actions. A registration box prompts the user to sign up for the session on 08/22/2016 at 1:00 PM Central Time, with a 'Yes, Sign me up!' button. To the right, there are social media icons for Facebook, Twitter, LinkedIn, Google+, Pinterest, and Email. Below these, session details are listed: Session Date (08/22/2016 1:00 PM Central Time) and Duration (00:45). The presenter information shows a star icon, the name 'Mandi Weems', and 'Weems and Associates', with buttons for 'Send Message' and 'Rate/Leave Feedback'. A list of classes, grades, career clusters, number of students, topic, subtopic, industry, and skills/specialties are displayed, many with 'Not Available' status. The 'Topic' is 'Writing For Game Design'. The 'Industry' list includes Academic, Academic/Government, Acting, Advertising, arts, augmented reality, Board Game Design, Broadcast Media, Cartoon Animator, childrens author, author, Computer Games, Creative Professional, Editor, Entertainment, Film and television / novels, game, game design, gaming, Video Games, video game designer, and video game design. The 'Skills/Specialties' list is currently empty. At the bottom right, there is a 'Questions? Let's chat!' button.

Questions? Let's chat!

Host an Industry Chat

The online form is accessible as soon as you log into Nepris. After you submit the form, we will follow up with you on next steps.

Launch the online form

When you log into nepris.com, you will have menus across the top of the page. Go to the **Session** menu and choose **Offer a Live Industry Chat**.

Fill out the tabs

The online form consists of four tabs. Fill out as much as you can (not all required). However, the more information you can provide to entice educators to sign up, the better the response will be. Nepris may edit the offering to optimize its potential.

Create an appealing and catchy title that will appeal to educators.

On every page of the online form, you will have a save button at the bottom. You can save at any time and come back if you need to gather more information before submitting.

A screenshot of the 'Describe Topic' tab in the Nepris form. At the top, there is a blue banner with a checkmark and the text: 'Follow these few simple steps to describe what you are planning to present! Once you schedule it, teachers will be able to view it and join if it matches their classroom needs'. Below this, there are four tabs: 'Describe Topic' (highlighted in green), 'Add Tags', 'Attach Docs', and 'Schedule Session'. The form fields include: 'Topic Title *Required' with a text input field containing 'Title/Topic'; 'Grade Level *Required' with a text input field containing 'Ex Grade 1'; and 'Topic Summary' with a rich text editor containing a 'Format' dropdown and various text formatting icons.

Schedule

We request that you schedule at least two weeks out from today. This will allow time for us to market and for teachers to sign up. The typical school day is between 8 AM and 2 PM local time and typical class length is 45 to 60 minutes.

When you are ready to submit and post the Industry Chat, click on **Schedule**.

Once you submit, we'll follow up with you regarding checking your technology and notifying you of any classrooms that sign up.

A screenshot of the 'Schedule Session' tab in the Nepris form. At the top, there is a blue banner with a checkmark and the text: 'Follow these few simple steps to describe what you are planning to present! Once you schedule it, teachers will be able to view it and join if it matches their classroom needs'. Below this, there are four tabs: 'Describe Topic', 'Add Tags', 'Attach Docs', and 'Schedule Session' (highlighted in green). The form fields include: 'Preferred session date and time.' with a date and time picker; 'Session duration *Required to schedule session' with two input fields for 'hours' and 'minutes', both containing '0'; and 'Additional Notes' with a large text area. At the bottom, there are two buttons: 'Save' and 'Schedule', both circled in red.
