Scan type

Please choose a type of scan:

- Quick scan. Scans areas of the system most likely to contain malicious software. If malicious software is found, you may be prompted to run a full scan.
- Full scan. Scans the entire system. Note that this scan can take up to several hours on some computers.
- Customized scan. In addition to a quick scan, the tool will also scan the contents of a user-specified folder.

If it finds malware it should also remove it.

Do not run a full scan, unless you are finished with everything else, and still have a couple of hours left in the contest. The full scan could take more than 90 minutes
